

HYDRA-TOOL CORPORATION

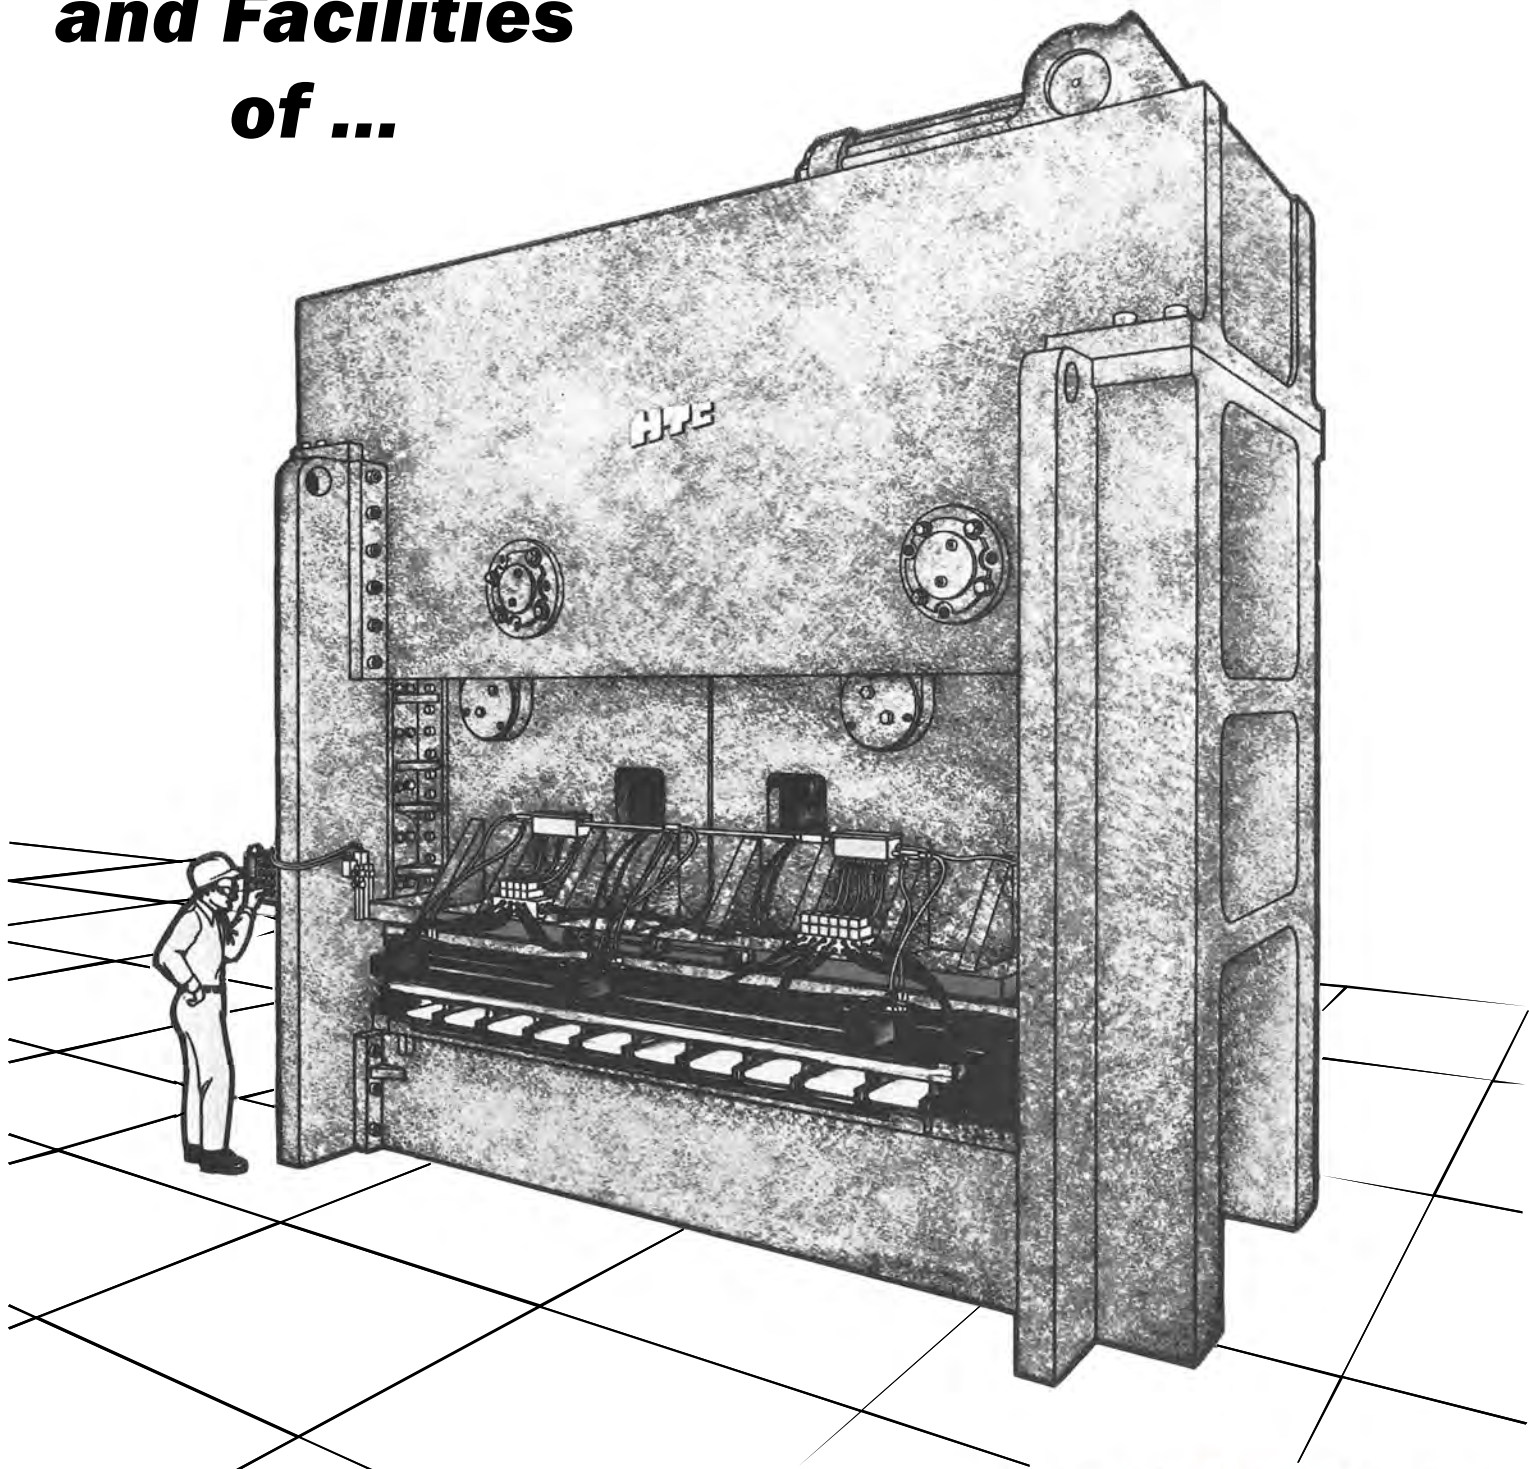

Pacific Press Technologies have held the rights to the DiAcro Press Brake, TriAcro Press Brake, and HTC Press Brake and Shear Lines for nearly 20 years. Most parts are available for these machines. DiAcro and TriAcro are model number dependent and HTC is serial number dependent. We have electronic manuals available for the DIAcro-TriAcro machines as well. HTC Manuals are available for a fee based on serial numbers.

Contact sales@pacific-press.com for more information on how we can help you.
